WHEN YOU SET UP A CORNER BOX OR A PARTNER LINE – CALLING TO A TWO-COUPLE BOX

- Ending back to back in sequence = Right And Left Grand
- Ending face to face in sequence – Allemande Left
- Corner line – facing corner in sequence = Pass Thru, Right And Left Grand

GENERAL THING TO REMEMBER

- **when you head to a corner for an Allemande Left you need regular couples**
- **When you head to a Right And Left Grand you need half sashayed couples**

ISSUE TO BE CAUTIOUS OF:

Many times when you call swing thru to a right and left grand, the outside dancer looking in (girl) instead of going straight ahead on the right and left grand, turns in to follow down the wave instead of straight across to the next dancer (circulate path)

Possible causes include timing (both command time and execution time)

Boys holding on too long causing the lady to turn in to follow the boy

This can however be easily dealt with by an initial prompt guide so the dancers know what to expect and how to do it.
